

MAZEN AYMAN

Alexandria, Egypt | +20 1275496504 | mazenayman.b0ss@gmail.com

PROFESSIONAL SUMMARY

Computer Science student specializing in Artificial Intelligence at Egypt Japan University of Science and Technology. Strong foundation in machine learning, full-stack development, and algorithmic problem-solving with Python and C++. Passionate about developing innovative AI solutions through hands-on projects and continuous learning.

EDUCATION

Egypt Japan University of Science and Technology Bachelor of Science in Computer Science and Information Technology Specialization: Artificial Intelligence Track Borg El-Arab, Alexandria	Oct 2023 – May 2027
Martyrs of January 25 Military High School High School Diploma Alexandria, Egypt	Sep 2020 – Jan 2023

TECHNICAL SKILLS

Programming: Python, C++, JavaScript, HTML, CSS, MySQL
AI & Development: Machine Learning, Data Analysis, Full-Stack Development, OOP, Git, Algorithm Design
Soft Skills: Problem Solving, Teamwork, Time Management, Quick Learner, Communication

LANGUAGES

Arabic: Native **English:** B1 - Intermediate
